

The Human Body System Summer Assignment

Answer the following questions, in complete sentences, for each body system. I have included some sites that will help in this research or you may use others. You will be graded on completeness and accuracy. Be sure to cite your sources. This project is worth 50 points and is due the first day of class. There will be a deduction of points if submitted late. The expectation is that learn the basics of each system. You will be tested on this research.

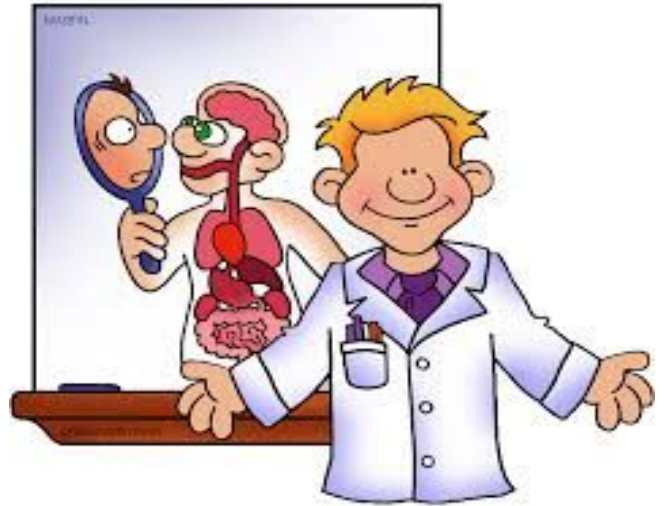

Questions:

1. What is the main function of the system? (1 sentence)
2. Pick 3 organs in this system and list their function.
3. List and describe 1 disease that affects this body system. (1 sentence description)

Body Systems:

- Integumentary
